Announcements.

CONGRESS.
The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

Vote for Peters for Assessor.

Vote for Jesse Cordle for Sheriff.

Cast your ballot for Al Hays for Jailor.

Highbarger for Surveyor. He will do the work right.

Vote for Ralph Holbrook for Superintendent of Schools. He is sober and trustworthy.

Pritchard and Byrne are the candidates for whom you should cast your votes for Senate and Legislature.

G. E. Fugitt has a laudable ambition to be County Attorney. He has made the best of his few opportunities and has struggled hard to rise in the world.

Add Skeens not only needs the office of County Clerk, but is well qualified to fill it. The records of a county are its most important property and the people should be sure they are putting the office in competent hands.

Schley the grand old warrior who so effectively smashed the Spanish fleet at Santiago, is showing his enemies a few things now. He is having his inning with the court of inquiry. His famous "loop" may have been a little risky, but it worked out admirably.

A County Judge who is familiar with the records of the county, and with the systems used in all departments can render much greater service to the people than one who knows nothing of these things. R. F. Vinson has been closely identified with these affairs for over thirty years. He is also a lawyer and is thoroughly competent to take hold of the county's affairs with a firm hand and begin at once the best administration of the duties of the office.

The British army makes no headway in South Africa and the popular outcry in England becomes greater. The recall of Lord Roberts and the return of Lord Roberts is practically demanded, and the War Office comes in for more censure by the appointment of Sir Redvers Buller to command an army corps. The cost of the war in men killed, wounded or dead of disease, but not including those invalided home, is \$7,212. The exchequer shows a deficit for the year of \$850,000,000. Effective occupation by the British in South Africa is about one-third what it was a year ago.

the food to assimilate and nourish the system, and give good appetite.

Gov. Durbin, of Indiana, is said to have sent an agent to Kentucky to investigate the methods of drawing and impelling jurors. It will be a one-sided investigation, of course.

The monthly crop report of Commissioner of Agriculture Nall shows a general improvement in crops in all parts of the State during September. The most marked advance was in tobacco and hemp. Late corn lost slightly.

Under a decision of the Controller of the Treasury, Meriba Herford, of Prestonsburg, Ky., the widow of James H. Herford, late surgeon, Thirty-ninth Kentucky Infantry, has been granted \$200, this amount being pay due the soldier.

The State Department has been instructed by President Roosevelt to spare no efforts to obtain the release of Miss Ellen M. Stone, the American missionary who is now being held for ransom by Bulgarian brigands. It is probable that the ransom will have to be paid to secure her release.

The Democratic nominees for County School Superintendent in Boone and Boyd counties and the Republican nominees for the same office in Grant and Marion have been selected too late to be examined under the regular rules for a certificate of qualification, and unless they are willing to take a much more difficult examination they will be disqualified.

Mrs. T. Bridleman of Parshaltville, Mich., was troubled with salt rheum for three years and had tried a number of doctors without relief. After two applications of Bannan's Salve, her hands became better and in a short time she was entirely cured. Beware of substitutes. A. M. Hughes.

Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful flower of her beauty in order to carry out a natural function of her being.

And nature does not. The pains and sufferings incident to motherhood, to a large extent, unnatural. This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orilla Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your Favorite Prescription has done for me. I cannot praise it enough for I have not been as well for five years as I am now. In July last I had a baby boy, weighing 10 lbs. and I had not a short time and since I got up have not had one sick day. I have not had any sterility trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

Just Across the River in West Virginia.

John Selber has been appointed postmaster at Hubbardstown W. Va.

Capt. T. J. Campbell, one of the oldest river men on the Ohio, dropped dead at Huntington Monday.

The marriage of Dr. Lindsey Vinson and Miss Willie Mae Helderby of Huntington, is announced for November 23d.

G. W. Copley, Allen Pritchard and Claude Pymale, of Wayne, have enlisted in the regular army and have gone to their post of duty in Rhode Island.

Chas. O. Beach has resigned his position as foreman of the Ceredo Advance to accept a clerkship in the office of the train dispatcher of the N. & W. at Kenova.

Mrs. Mary Hudgins and her two daughters left here Wednesday to attend the fiftieth anniversary of the marriage of her parents. Rev. and Mrs. John T. Johnson, of Round Bottom, Wayne News.

John Gayhart, colored, who murdered Alex Mullens, also colored, on the Ohio river bank at Ceredo last summer by almost severing his head from the body with a huge knife, was convicted of murder in the first degree by a jury at Wayne Thursday, but, as all evidence was purely circumstantial, mercy was recommended by the jury. Judge Doolittle sentenced him to the penitentiary for life.

Huntington, W. Va., Oct. 5.—Two electric cars on the Camden Interstate Railway collided this morning in a heavy fog. Leander Gilkerson, motorman, of this city, was probably fatally injured. Charles Wade, motorman, of Guyandotte, dangerously injured. Others injured are: Will Jordan, conductor, Guyandotte; J. O. Wilgus, Proctorville, O.; Miss Rosa Williams, Portsmouth, O.; M. N. Vanhorn, Irvin Smith, Jr., Charles Nash, J. C. Boland, all of Huntington.

James Birchfield, a young man living in the west end of Huntington, was handling a revolver Wednesday evening, when it was accidentally discharged, so it is said, and the bullet entered his right cheek and ranged downward to a point near the throat, inflicting what it is feared will result in a fatal injury. The doctors are at a loss to know how the gun was discharged accidentally, could the bullet enter near the jaw and range downward.

The shooting occurred at the home of Wm. Chinn.

A negro on board a crowded westbound Norfolk and Western train last Saturday night near Keystone, insultingly demanded of P. C. Goodall, a Long Branch Coal Company clerk, that he give him his seat. The clerk refusing, the negro jerked out a razor and cut an ugly gash across his forehead. Goodall quickly reached for a poker and knocked his assailant down. As he started to rise he shoved him out of the coach door and off the train, which was moving at a high rate of speed. As the train did not stop nothing is known of the negro's condition. COURT DAY SALES.

Arrangements Made for Sales of Live Stock at Louisa.

EVERY COUNTY COURT DAY.

A few of the citizens of Louisa have taken the trouble to arrange for sales of live stock to take place here on County Court day (the third Monday) in each month. It is intended to be a permanent enterprise, conducted for the benefit of the sellers and buyers of the entire surrounding country. It is not a money making scheme, but is simply a public spirited move which it is hoped will benefit the masses of this and surrounding counties.

The plan is to bring buyers and sellers together here on those days and have sales made either privately or by auction, as the owner in each instance may prefer. Persons having any kind of live stock for sale are requested to bring it in here on County Court day.

The Big Sandy News has agreed until further notice, to insert free of charge, advertisements of stock to be offered for sale each month. Parties intending to have stock here should send us description of it as early as possible, giving date at which it will be offered for sale. This will insure the presence of persons desiring such stock.

Let everybody help this enterprise along.

The following stock will be among that offered for sale at Louisa on the next county court day—the third Monday in the month:

1 bay colt will be 2 years old next spring, fine gaited.

1 span mules, brown color, 154 hands high, weight about 1000 lbs each, 6 years old, good workers.

WALBRIDGE

Wm. O'Brien and wife and little son, of Williamson, visited relatives here last week.

Mrs. I. W. Dawson has gone to Jellico for a long visit to her daughter, Mrs. Cassell.

The Mule lodge at the Summit is progressing nicely. We need something of this kind to bring the lawless of the community to justice and to deal with them in the strictest manner possible.

Mr. Picklesimer and wife, of Olive Hill, are here visiting their daughter, Mrs. Lot Bates.

PASSENGER TRAIN

To be Put on the Big Sandy Division Soon.

The people of the Big Sandy valley are about to realize a hope that has been indulged. If reports are true, a passenger train, furnishing adequate and respectable accommodations to the traveling public, is to be put into operation on the Big Sandy division of the C. & O. very soon—perhaps next Monday.

From what we can learn the new arrangement will start a passenger train from Louisa to Ashland early each morning. Returning, it will run through to Whitehouse and back to Ashland. It will then return to Louisa in the evening, leaving Ashland after the arrival of the train from Cincinnati. This will afford excellent accommodations, especially on the return trip from Cincinnati, enabling passengers to leave there at noon and reach Louisa within about six hours. The run between Louisa and Catlettsburg will probably be made in about an hour.

All the freight work will be done by one train, which will leave Ashland each morning. No passengers will be allowed on this train, it is said.

This effort on the part of the railroad to furnish good accommodations should and doubtless will be appreciated by the public.

Go to Robt. Burchett's for the best fresh fruit.

Will pay best cash price for all new sorghum, W. M. Justice.

Robt. Burchett has improved the appearance of his residence by the erection of a veranda.

Mrs. Robt. Burchett will have ice cream, Friday and Saturday, at her old stand, near depot.

Charles Salzer has returned from Wellburg, W. Va., where he was at work during the summer.

Mrs. John Riffe and little daughter, and Miss Sophia Riffe, of Vossie, are guests of Billie Riffe.

Rev. Clere and Rev. S. F. Reynolds are conducting a protracted meeting at the Baptist church.

Mrs. A. H. Moore and children, of Ashland, are guests of Mrs. Moore's parents, Mr. and Mrs. S. K. Muncy, near Louisa.

You are invited to call and examine our new fall styles in ladies and children's hats now on display at W. M. Justice's store.

Fred Bradley presented the News with some of the largest apples we ever saw. They are of the "Pound Pippin" variety, and of very choice flavor.

The room just back of the Hotel Brunswick is being remodeled and will be used as a grocery store. J. A. Chapman will move his stock of groceries there in a few days.

Mrs. E. B. Hager left Wednesday for Ashville N. C., where she goes for the benefit of her health. If the climate there does not agree with her, she will go to Santa Fe, New Mexico.

Flem Wellman died last Saturday at his home near Louisa, of cancer of the stomach. The burial took place Sunday. He was about 75 years of age, and had always been a quiet, good citizen.

Mrs. Fred Ahlers sent from Tampa, Florida, a few days ago, to Mr. and Mrs. M. S. Burns, the largest specimens of pineapple, persimmon and lemon ever seen here. Unless closely examined the persimmon looked like a cake of jelly that had been turned out of an ordinary sized jelly glass. It was fully that large. The other fruit was proportionately large.

Mrs. L. F. Frazier died at her home in Cassville, Tuesday morning, of typhoid fever, having been sick for thirty-eight days. She was a consistent Christian. She leaves a husband and five children. The funeral was conducted by Rev. B. W. Fitch, and took place Wednesday from the M. E. Church, South, of which she had long been a member. Mrs. Frazier was a sister of Mrs. Sam Ramsey of this place.

A wedding occurred in Louisa Saturday night which was kept unusually quiet. The contracting parties were Fred Wellman, of Buchanan, and Miss Reba Wilson. The ceremony was performed at the home of the bride's parents, by Rev. Clere, pastor of the Baptist Church.

The bride is the pretty and popular daughter of Mr. and Mrs. Garred Wilson. She has a large circle of friends who wish her great joy.

The groom is an industrious young man of good character, at present in the employ of the C. & O. Railroad.

MARRIAGE

Of One of Louisa's Most Charming Young Ladies.

A wedding of more than usual interest to Louisa people occurred at Ashland Wednesday of this week. At eleven o'clock, a. m., on that day Miss Hermia Louise Northup, of Louisa, became Mrs. Francis Burchard Harrington, of Albany, N. Y. The marriage took place at the home of Mr. and Mrs. Charles Russell, the latter being the bride's sister. Rev. W. H. Hampton, of the Episcopal Church, spoke the fateful words that bestowed the new name upon one of our most lovely girls.

The spacious parlors were artistically decorated in palms. To the strains of the Lohengrin Wedding March, by the Leroy orchestra, the bridal party entered.

Miss Emily Northup, youngest sister of the bride, acted as maid of honor, while Mr. Tenyck, of New York, was groomsmen.

The bride wore a magnificent gown of white Louisiana crepe.

The affair was kept so quiet that only member of the family knew anything of the arrangements. Friends had expected the event to occur soon, but were taken unawares at last. The inefficient train service up this way was the principal reason for having the wedding occur in Ashland.

The bride is the third daughter of Col. Jay H. Northup, our most prominent business man. It is customary to shower words of praise upon brides, oftentimes without strict regard for the merits in the case. But here is an instance in which it is genuine pleasure to write of the graces and good qualities of the bride, for she possesses them in an unusual degree. To say that she is a general favorite is to give that common term its fullest meaning. Her amiability and sweet disposition, her kindly interest in all and cheerful greetings for each, have won for her the friendship and admiration of all who know her. It is safe to predict that in her new home she will win her way to the hearts of all as she has here. She possesses marked ability as an artist, and it was while pursuing studies in this line in the east that Mr. Harrington met her.

Mr. Harrington is the son of a prominent and wealthy New York railroad man, and he himself is engaged in the same occupation, holding a responsible position on the New York Central system. He is known as an exemplary young man.

No invitations were issued and only the immediate families and a few friends were present. The wedding party from New York came in the private car "Idler."

The young couple left Ashland at 1 o'clock, going to Cincinnati, and after a brief wedding tour, will go to Albany, their future home.

PROCRISTINATION.

A man of great renown has wisely said, "That which is good to be done cannot be done too soon, for if it is neglected to be done early it will frequently happen to not be done at all."

That's truer of nothing else than of Life Insurance. It's the everlasting putting it off of uninsured people that brings half of the misery we perceive about us.

"I'll see you later" has made more helpless widows and hopeless orphans than all the wars and famines that have devastated the earth.

Where do you stand reader? Are you a man of today—the day you are sure of; or do you belong to the tomorrow crowd—the tomorrow that may never come.

If you are on the wrong side of the question put yourself right before sundown today by applying to the Mutual Life Insurance Company of New York, for a policy guaranteed by over three hundred and twenty-five millions of dollars in assets.

CONGRESSMAN KEHOE

Making Some Observations in the Big Sandy Valley.

He is Preparing to Make a Hard Fight For Big Sandy River.

WILL PROBABLY BE IN LOUISA SATURDAY.

Congressman James N. Kehoe passed up on the train Thursday for a tour of inspection of the Big Sandy Valley, in order to see for himself the vast resources of the valley and the great need of slack-water navigation. He will go up the Levisa fork and return by way of the Tug fork. Mr. Kehoe said that he believed that by making this trip and familiarizing himself with the river and its tributaries, as well as the vast resources of the valley, he would be able to make a more successful fight for an appropriation at the coming session of Congress.

Mr. Kehoe will try and complete his observations in time to attend the Lawrence County Fair here Saturday. If he succeeds in doing this a treat is in store for those who attend the fair on that day, as he will be sure to make a speech.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.
Fill a bottle of common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it both sent absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness.

Scott's Emulsion is the right treatment.

OBITUARY.

The death angel has visited the home of one of our friends. The loving companion and dear mother has gone with the angels above.

Mrs. Elizabeth Bowe departed this life Sept. 14th, 1901. She leaves a husband and two little children and a host of friends and relatives to mourn their loss. We miss her presence here.

The loved one said on her death bed "I don't fear death, I am trusting in Jesus. He is the only one that can save us."

Now friends do not weep, for the loved one has gone to her beautiful home where all is love.

A Friend.

When suffering from a racking cough take a dose of Foley's Kidney and Urinary. The soreness will be relieved and a warm, grateful feeling and healing of the parts affected will be experienced.

A. M. Hughes.

OBITUARY.

Mrs. Liza Burgess was born at Shilo, O., in 1821. She was married to Gordon Burgess in 1840.

11 children were born to this union 6 of whom preceded her to the unknown eternity. She died Sept. 20, 1901. She was in all respects one of the very best women in Lawrence county, and as all know were acquainted with her, a very religious soul. Your scribe became acquainted with her some two years ago, and knew nothing but to love her, and I believe she did not have an enemy on earth.

She was taken with complicated diseases about three weeks before her death, and she bore the pain with much christian fortitude until God said, "You have suffered enough, you have borne the heat and burden of the day, and have stayed in the lower misty land long enough," and her spirit leaped from the old tenement of clay into the region of light and glory to bask in the light of that blissful world. God help her children to follow in her foot-prints that she has left in the sands of time.

EAST LIVERPOOL, O.

The folks keep after me, they do, to write to the BIG SANDY NEWS, and now I am going to scribble something, it doesn't much matter what, perhaps you think (so do I), So with a small amount of time, I will try and give you a few facts about East Liverpool. Besides the 23,000 refined and educated people within the corporation, she possesses scenes which would humanize her if every soul were taken away and not one life left to tell of departed glory and goodness.

A stroll to Thompson's Park at an early morning hour is more invigorating than many bottles of "Kentucky's best." This park stands many feet above the city, and is covered with flowers, grass and trees. It is the prettiest site of all the country round. It is a resting place, play-ground. Many tired hours have been made glad by spending the time on the grass and listening to the varied music around you. The Ohio river winds around you like a bright colored serpent and a forest of shade trees lie at your feet and in this is hidden a town which is a great big residence, wherein schools and churches and culture reign supreme, giving it all the grace of a well regulated home.

Happiness is above high water mark. Good humor and contentment are noted features. There is no unusual rush for financial increase, except as it develops the home-like interest of the town.

The citizens have good schools, and four well organized colleges are their works, and they are caring for the schools with a pride not usually seen.

Hundreds of pupils are educated here yearly. I like their schools with one exception—I am not in favor of negro equality. It does not suit a Kentuckian to see the

paler, fainting, smothering or sinking spells all point in the same direction—an impaired heart action. A heart that is weak or diseased cannot do full duty and the circulation of the blood is interfered with. There is a medicine that gives new strength to the heart, new power to the pulse and puts new color into cheek and lip.

"My pulse would jump and beat at a fearful rate and then drop almost to a stopping point. I could not rest at night, feet swelled and had severe pains in chest. Took Dr. Miles' Heart Cure six weeks and was cured."

T. H. Jones, Pittsburg, Texas.

Dr. Miles' Heart Cure regulates the heart's action, while it stimulates the digestive organs to make new, rich, red blood which gives strength to the whole body. Sold by druggists on a guarantee.

Well Preserved.

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood, to a large extent, unnatural. This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures the nervous, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orrin Stiles of Downing, Dunn Co., Wis., writes: "I have been intending to write to you since my baby was born in regard to what your Favorite Prescription has done for me. As well for five years as I am now. In July last I had a baby boy, weight 11 lbs. and I was only six weeks short of my term. I got up here and had one sick day. I have not had any other trouble since. I have not only myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

colored going to school with the white.

There is one point of interest here for the laboring class—the potteries. Take them away and you take from the laborer the means of livelihood. The art of making pottery, it is said, is one of the oldest in existence. If it is so then the people here are performing what was done 5,000 years ago. The potteries are worthy of a visit and it is no uncommon sight to witness the workmen shaping from the product of the earth the fancy plates and dishes which grace our banquet tables.

This city is full of business. In fact I believe it is the busiest city of its size in the whole United States or will be when it gets fat. It has 37 potteries, they employ 17,400 people and pay out for labor every two weeks \$160,000.

There are several of us Kentuckians up here, and most of them like it first-rate. One who is a "Hooper down yander" man (as the people up here call the Kentucky boys) will go back to Ky., I think. He likes the shade of a sugar tree too well to work for a living, and the people are not inviting any more of the "Never-sweats" to this place, they want the industrious who are not afraid of sur-stroke. There is no grumbling about hard times. I have heard but one man speak of hard times—he was a tramp.

In politics there are more big, long Republicans here than I ever saw before in one place.

A few days ago there was great excitement in our end of town, "Chaffinville." No one seemed to be able to tell what was the trouble, however all minds were soon set at rest by the arrival of Samuel Vinson and wife, clad in "purple and fine raiment," so we wished them all the good things of life, much joy, etc.

Robert Chambers, who has been dangerously ill with typhoid fever, is slightly improving and we predict that he will soon be able to go "down yander."

Chas. Carter has lately moved from this place to Kentucky.

Robert, the little ten year old son of Wiley Burchett, is very low with fever.

D. J. Casey made a flying trip to this place, but was heard to say that his visit to this town would be like angel visits, "few and far between."

Where are Pithagoras and Crole, who used to read in King's English, volume after volume for the BIG SANDY NEWS, much to the "roasting" of Grammar Ike, and I would like to see another passage from the well-known pen of Wanfering Pete, that moves every true Kentuckian to tears. "May you dwell in some dark cave and mingle with the bats," sounds in my ears like the made of village hills. May all other gifted writers fall back in line and give us a few more good letters.

Mid my many pleasures and kind treatment at this place, I have not learned to be a Republican. I am a Democrat, split with a big "D". I haven't to add Bryan and free silver, and free trade, and the whole thing, even to anti-Cleveland. I'll be back to, or cast my vote for all the county officers who happen to be on my side of the ticket.

With best wishes for the News I'll say goodbye for this time, and remember in kindness,

Xenophon.

A FRIENDSHIP ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood, and builds up your system. Collier and W. O. Collier, of Cherokee, Iowa, were properly cured by A. M. Hughes' properly prepared.
